

Non-Medical Volunteer Application

Rotaplast International is one of the few humanitarian medical organizations that has non-medical volunteers working side-by-side with our medical volunteers to produce missions that change lives forever. All of our volunteers are expected to adhere to the same standards of professional conduct that are expected at any business or hospital at home. Rotaplast's reputation is built on the professional conduct and safety of our teams. Missions are not for casual travelers. If your plan is to sightsee, party, or vacation, a Mission experience is not for you. While we try to make you as comfortable as possible, you can expect long working hours, physical exhaustion and basic lodging (sometimes dormitories/barracks).

As a Rotaplast volunteer your commitment is to work hard, behave professionally, and act as a diplomat during the entire Mission. Our volunteers experience a wide variety of local customs and food. They also have life affirming experiences.

Each year we have a limited number of spaces on our missions which we endeavor to fill with qualified non-medical volunteers. As a mission volunteer, we ask you to represent Rotaplast. Upon your return, we consider you part of the Rotaplast family. Together we endeavor to provide the highest quality medical services to children in need around the world.

I Agree to Conduct myself accordingly Initial _____
Ready for the challenge?

Rotary Information

Are you a Rotarian? ___Yes ___No (If yes, please complete this section.)

Rotary District Number _____ Rotary Club Name _____ City _____ State _____

*Most Rotaplast Missions are sponsored by Rotarians in the USA, Canada and Europe. Members of sponsoring Rotary Clubs and Districts are given first priority among the pool of eligible non-medical applicants. Other applications are reviewed when a sponsoring group forfeits a slot, or when a team lacks a specific skill. ** In accordance with Rotary Project Models, Rotaplast's non-medical volunteers pay personal transportation cost to and from the mission site.
